

Liver Cancer – Screening, Treatment & Support (HCC & Cholangiocarcinoma)

About This Resource

These programs support people living with hepatocellular carcinoma (HCC) or cholangiocarcinoma — from diagnosis through treatment and survivorship. Resources include specialty care, imaging and treatment coordination, financial assistance, clinical trials, and patient support networks.

Specialized Care & Navigation (DFW / Texas)

- **Texas Liver Care**

Evaluation, staging, and coordination of surgery, interventional radiology, systemic therapy, and long-term surveillance.

 (682) 427-0200 |  texaslivercare.org | Dallas & Fort Worth

- **UT Southwestern – Liver Cancer Program**— Multidisciplinary care including surgical oncology, interventional radiology, and transplant services.

 (214) 645-8300 |  utswmed.org/conditions-treatments/liver-cancer

- **Baylor Scott & White – Cancer Care (Hepatobiliary)** — Comprehensive hepatobiliary and GI oncology program.

 (214) 820.0111 |  bswhealth.com/conditions/liver-cancer

If you need further help finding a liver specialist or oncology center, you can search by location and insurance at doctor.webmd.com, or ask your primary care provider for a referral to a hepatologist or oncologist.

Imaging, Procedures & Second Opinions

- Request liver-protocol MRI or CT when appropriate and bring prior studies for comparison.
- Interventional radiology procedures (TACE, Y-90, ablation) are available at major DFW cancer centers.
- For second opinions, obtain copies of your pathology report, imaging discs, and clinic notes.

Financial & Practical Assistance

- **CancerCare**

Co-pay, transportation, and counseling assistance.

 (800) 813-4673 |  cancercares.org

- **Patient Advocate Foundation**

Case management, financial aid, and insurance navigation.

 (800) 532-5274 |  patientadvocate.org

For Support & Questions

Texas Liver Care | (682) 427-0200 | TexasLiverCare.org | info@TexasLiverCare.org | 617 Travis Ave, Fort Worth, TX 76104

Clinical services are provided by Texas Liver Health, an independent medical practice. Texas Liver Care does not provide clinical care.

- **PAN Foundation**

Financial assistance for eligible therapies.

 panfoundation.org

- **NeedyMeds**

Medication-assistance directory for cancer-related drugs.

 needymeds.org

- **Angel Flight South Central**

Free air transportation for medical appointments.

 angelflightsc.org

Education & Peer Support

- **Blue Faery: The Adrienne Wilson Liver Cancer Association**

HCC-specific education, peer support, and advocacy.

 bluefaery.org

- **Cholangiocarcinoma Foundation**

Mentorship programs, webinars, and research updates.

 cholangiocarcinoma.org

- **NCI Cancer Information Service**

Evidence-based treatment and trial information.

 (800) 4-CANCER |  cancer.gov/about-cancer

Research & Clinical Trials

- **ClinicalTrials.gov**

National database of ongoing studies for liver and bile duct cancers (HCC and cholangiocarcinoma), including targeted, immunotherapy, and combination approaches.

- **Evidentis Clinical Research**

Clinical trial center offering opportunities to participate in clinical studies related to liver and metabolic health.

 (682) 651-1112 |  evidentisresearch.com

- **Texas Liver Care** can also connect you with studies offered through Evidentis and other collaborating research networks.

- **Lazarex Cancer Foundation**

Travel and lodging assistance for trial participation.

 lazarex.org

Participation in clinical research helps advance future treatments and may expand access to promising therapies under expert medical supervision.

TLC Tips – Living Well with Liver Cancer

For Support & Questions

Texas Liver Care | (682) 427-0200 | TexasLiverCare.org | info@TexasLiverCare.org | 617 Travis Ave, Fort Worth, TX 76104

Disclaimer: Educational use only. Not a substitute for professional medical advice or care. External resources are provided for convenience and do not imply endorsement by Texas Liver Care. Clinical services are provided by Texas Liver Health, an independent medical practice. Texas Liver Care does not provide clinical care.

- Keep all imaging and lab appointments — typically every 3–6 months for monitoring.
- Review medications and supplements with your care team to prevent interactions.
- Bring a care partner to major visits and take notes or recordings (with permission).
- Ask early about nutrition, fatigue, and mental health resources.
- Maintain one folder or binder with your reports, imaging discs, and team contacts for quick reference.
